Get a calendar view of all your MagnetMail activity.

MagnetMail helps to keep you organized by displaying your account actions on a quick-reference calendar.

This handy feature shows all of the marketing initiatives in your account (both yours and those of your colleagues).

Among the daily activity details you can view on the color-coded calendar:

- Sent email and fax messages
- Number of email and fax recipients
- Campaign names
- Pending events

You also have the ability to add your own notes to the calendar. So if you want to map out a schedule of emails for the month, you can manually add activity reminders to the calendar to help keep you organized.

Request a demo to get a first-hand look at how MagnetMail’s activity calendar can help you stay organized.
